2 Single and/or regular payments

Please complete this section if you (or any third party including an employer, if applicable) wish to make single and/or regular payments into your Zurich SIPP.

Making a single or regular payment revokes any enhanced protection, fixed protection 2012, fixed protection 2014 or fixed protection 2016 you may have.

If you are taking or have previously taken advantage of pension benefit flexibilities then a lower annual allowance will normally apply to your money purchase pension savings. This lower annual allowance is called the Money Purchase Annual Allowance. Where you are considered a high earner your annual allowance will be reduced on a tapered basis and this lower annual allowance is called the reduced annual allowance. In both instances this means that you would incur a tax charge if you exceed this reduced limit. Additionally, you would have a reduced annual allowance for any defined benefit savings. It is important to tell any of your money purchase pension providers of which you are an active member that you are subject to the Money Purchase Annual Allowance within the necessary timescale, which is currently 91 days.

Your adviser would be able to explain the implications of this to you.

You should note that your annual allowance could be higher if you have not flexibly accessed your pension benefits.

All regular payments must be paid by direct debit. For an applicant or third party payment the amount debited will be the net payment before the addition of basic rate tax relief. For an employer payment the amount debited will be the gross payment. All direct debit payments must be made from the same bank/building society account.

Single payments can be made by cheque or CHAPS (telegraphic transfer).

Payment Details

Please note that only tax-relievable single and regular payments can be made.

Regular payments can normally only be accepted from a single source; ie you, a third party or an employer. However we can accept payments from you and your employer provided they are made through your employer’s account. 

Applicant/Third party

Any third party payment (other than an employer payment) is treated as a payment by you for UK income tax purposes

Net single payment £

This is the actual amount of payment before any tax relief we claim on your behalf is added.

Total net regular payment £

(including any existing regular payments being made)

Employer

Gross single payment £

Any employer payment must be paid gross (i.e. basic rate income tax relief does not apply)

Total gross regular payment £

(including any existing regular payments being made)

If you are already making regular payments, or have done so in the past, your direct debit collection date must remain the same.

If you’re making regular payments to your Zurich SIPP for the first time please specify:

Regular payment frequency Monthly [ ] Quarterly [ ] Yearly [ ]

Date of the month on which payments will be made 1st [ ] 7th [ ] 14th [ ] 21st [ ]

For quarterly and yearly payments, the month in which the payment will start

The first payment will not be collected until at least 10 working days after the regular premium comes into force.

Please note that once the date and frequency has been set it cannot be changed in the future.

If payments are to be made by a third party please complete the ‘Details of third party making payments’ on page 4.

If your employer is also making regular payments the direct debit collection date must be the same.

If any regular applicant and/or employer payment is to be paid from an employer’s account the employer must complete a contribution schedule in addition to this application. A template contribution schedule is available on the adviser website.

Please tick if a schedule is enclosed [ ]

If payments are to be made by, or via, an employer’s account please complete the ‘Evidence of employer’s identity’ section on page 5.

Customer to complete

Money Purchase annual allowance

Please complete in all circumstances.

I am subject to the Money Purchase Annual Allowance

☐ Yes  ☐ No

I understand that if I have flexibly accessed my pension after 6 April 2015 then a lower annual allowance will normally apply to my money purchase pension savings and that if I exceed this limit the annual allowance tax charge will normally apply. I will advise my money purchase pension providers of which I am an active member that I am subject to the Money Purchase Annual Allowance within the necessary timescale, which is currently 91 days.

I understand that an annual allowance charge may apply to me if:

- I am under 75 in the tax year in which contributions are accepted into my plan (or over 75 if employer contributions are accepted);
- I do not have available annual allowance in the relevant tax year; and
- I do not have available annual allowance to be carried forward from the preceding three tax years (where carry forward is applicable); and
- my total combined gross contributions accepted into my plan, and other relevant plans, exceeds the applicable annual allowance appropriate to my circumstances in force in the tax year in which my pension input period ends.

General terms

I confirm that everything stated by me in this form and any other written statements which I make to Zurich and/or Capita are true and complete.

I formally request Zurich to carry out the instructions contained in the application form.

Zurich and Capita base the terms of your Zurich SIPP arrangements on the information which you supply. If any information is untrue, Zurich or Capita upon instruction of the Trustee may cancel your arrangements.

If any information changes at any time, you must inform Zurich and/or Capita immediately.

Payments

If I, or any third party on my behalf (excluding an employer, if applicable), have indicated in the ‘single and/or regular payments’ section of this form that a single or regular payment is to be made, I confirm that I am entitled to the associated UK basic rate income tax relief at source. This is because:

1. I will be aged under 75 on the payment acceptance date(s) and
2. I am a Relevant UK Individual as described in the Zurich key features document within one of the categories set out in the application and
3. my remaining maximum tax relievable gross payment for the tax year in which the payment is accepted, is greater than, or equal to, my total net payment plus the associated UK basic rate income tax relief at source.

If I am not entitled to receive basic rate income tax relief on any single or regular payments made, I agree that these can be refunded to me.

I declare that for the current tax year my single/regular payments to the SIPP (or any made on my behalf) will not exceed the greater of my relevant UK earnings, or £3,600 gross, taking account of payments also made, or due to be made, to all other registered pension schemes before the end of the tax year.

I confirm that this UK basic rate income tax relief declaration applies in respect of the tax year in which the single and regular payments are accepted into my arrangements, unless I advise the Scheme Administrator otherwise.

If this declaration ceases to apply, I agree to notify the Scheme Administrator in writing within 30 days.

I am aware that I will have to make a new declaration if I, or any third party on my behalf (excluding an employer, if applicable), make additional single or regular payments in this, or in any future, tax year.

I undertake to notify Capita if I stop being a relevant UK individual. I will notify Capita by 5 April of the tax year in which this occurs or within 30 days, whichever is the later.

I am aware that my first Pension Input Period under this plan will start on the date that Capita receive the first payment on my behalf. If any single or regular payments were made before 6 April 2011 the Pension Input Period will end on the first anniversary of this date unless I told you otherwise. If single or regular payments were not made until 6 April 2011 or later, then the Pension Input Period will end on the last day of the tax-year unless I tell you otherwise.

I understand that if:

1. I receive a cumulative amount of Pension Commencement Lump Sum (PCLS) (usually taken when drawdown or an annuity commences and also known as tax free cash) which in the previous twelve months exceeded £7,500.00, and
2. I have used this, or will use this, either directly or indirectly (i.e. via another person or organisation on my behalf) to deliberately obtain further UK income tax relief by ‘re-cycling’ i.e.:
   a) Using the PCLS to increase the Contribution into any UK registered pension scheme(s) to a level more than that which would have been paid without the PCLS; and
   b) Allowing the cumulative amount of the additional Contribution to exceed thirty per cent of the cumulative PCLS;
the excess Contribution may create a fifty-five per cent tax charge against the PCLS, which may be deemed to be an unauthorised payment. In this situation, I agree to reimburse the Scheme Administrator for any associated tax charge which it incurs.

I understand that I will lose enhanced protection (EP) or any Fixed Protection (FP), where applicable, if any Contribution from any source is accepted into my Plan before my seventy-fifth birthday.
Declaration (continued)
